AVEnUES and MADHURA

The launch version of AVEnUES booklet has 18 different topics on apartment processes. We do hope all of you have taken your copies for the association during BAMBOOS'19. MADHURA – a group health insurance scheme targeted for domestic staff working in apartments was also launched at BAMBOOS. A dedicated page on these initiatives is available in this newsletter.

We also thank all participating dignitaries and encouragement from GoK to our event. It was a great opportunity to interact with various dignitaries and civic agency officials - who extended their support to BAF efforts on sustainability and compliance, and who also extended their support to resolve apartment issues.

BAF also acknowledges the support from our sponsors – who participated and also showcased their sustainable solutions to the apartment community as well. Browse through the pages ahead in this newsletter to know the sponsors and reach out to them for the services. All this will be also available on www.baf.org.in/bamboos.
